Dimensions	D.1in; Diam.39in; D.2.54cm; Diam.99.06cm;
Dealer Reference Number	GDF-CA-10
Incollect Reference Number	659147

This is model 2668. Etched, gilded and silvered glass framed mirror. These mirrors are first etched, then gilded and finally silvered. The process of etching with a metal wheel was so intensive that each mirror took hundreds of hours. The process heated the wheel to the point that the glass could crack. The company took out a patent on the process they used to cool the wheel so they could do this amount of etching, without damaging the glass.
